# “GO HOME” CAMPAIGN: MEETINGS: SUPPORTING IMMIGRANTS IN LONDON

**Thursday 19th September 2013, 6-9pm,**

**Southall Day Centre - Milap Branch, Shackleton Road, (off Lady Margaret Road),  
Southall, Middlesex UB1 2QH**

The Refugee and Migrant Forum of East London (RAMFEL), Migrant Rights Network (MRN) and Southall Black Sisters (SBS) have joined forces to run a series of workshops across London to support migrant and refugee community organisations, activists and interested individuals to campaign against the ‘Go Home’ campaign and the summer of attacks on immigrants. These short two hour sessions will

- provide an update on what has happened
- Sophie Naftalin from Bhatt Murphy will explain the rights of those targeted by immigration checks and stop and search
- explain what groups and individuals can do to campaign on a local and national level, (including how to lobby elected members and decision makers to make sure anti immigration activity is monitored in your local area)
- how to respond to the current various national consultations that will affect migrants
